Patient Health Information Consent Form

We want you to know how your Patient Health Information (PHI) is going to be used in this office and your rights concerning those records. Before we will begin any health care operations we must require you to read and sign this consent form stating that you understand and agree with how your records will be used. If you would like to have a more detailed account of our policies and procedures concerning the privacy of your Patient Health Information we encourage you to read the HIPAA NOTICE that is available to you at the front desk before signing this consent.

1. The patient understands and agrees to allow this chiropractic office to use their Patient Health Information (PHI) for the purpose of treatment, payment, healthcare operations, and coordination of care. As an example, the patient agrees to allow this chiropractic office to submit requested PHI to the Health Insurance Company (or companies) provided to us by the patient for the purpose of payment. Be assured that this office will limit the release of all PHI to the minimum needed for what the insurance companies require for payment.
2. The patient has the right to examine and obtain a copy of his or her own health records at any time and request corrections. The patient may request to know what disclosures have been made and submit in writing any further restrictions on the use of their PHI. Our office is not obligated to agree to those restrictions.
3. A patient's written consent need only be obtained one time for all subsequent care given the patient in this office.
4. The patient may provide a written request to revoke consent at any time during care. This would not effect the use of those records for the care given prior to the written request to revoke consent but would apply to any care given after the request has been presented.
5. For your security and right to privacy, all staff has been trained in the area of patient record privacy and a privacy official has been designated to enforce those procedures in our office. We have taken all precautions that are known by this office to assure that your records are not readily available to those who do not need them.
6. Patients have the right to file a formal complaint with our privacy official about any possible violations of these policies and procedures.
7. If the patient refuses to sign this consent for the purpose of treatment, payment and healthcare operations, the chiropractic physician has the right to refuse to give care.
8. I also give consent to allow this clinic to display my name of a patient referral board in the reception area of this office. I understand that if I make the referral to another patient my name will appear on such board.
9. I understand that upon entering this facility, my name will be signed on a sign-in sheet that will remain in the reception area of the office. I also realize that any person entering this office may read my name on the sign-in sheet as a patient.

I have read and understand how my Patient Health Information will be used and I agree to these policies and procedures.

TO: Medicare Patients

To make dealing with Medicare as simple as possible, we have established the following guidelines. Keep in mind that Medicare regulations change frequently and therefore, these guidelines may have to be updated.

1. We will file ALL Medicare claims.
2. We will file ALL Medicare secondary/supplemental insurance.
3. We are participating providers with Medicare, which means that Medicare pays us directly, however, Medicare patients must meet an annual \$131 deductible, which we are required to collect at the beginning of services for each calendar year. Supplemental coverage may pay the deductible but if no such coverage is available, the patient is responsible for the deductible.
4. Medicare pays for 80% of allowed charges. Supplemental coverage may pay the 20%, but if no coverage is available, the patient is responsible.
5. Medicare does not pay for maintenance care. This will be your responsibility.
6. Medicare does not pay for all of your health care costs. The fact that Medicare does not pay for a particular item or service does not mean that you should not receive it.

Medicare Pays For:

Manual manipulation of spine
IF SUPPORTED BY X-RAY AND/OR EXAMINATION
After the deductible is met
Depending upon the condition

Medicare Does Not Pay For:

Examinations
Physical Therapy
X-Rays
Orthopedic Supplies
Maintenance care

If you have questions regarding these guidelines, please ask, we are here to help you!!

I have read and understand the limitations of my Medicare coverage and agree to be personally responsible for the payment of non-covered services if I choose to receive those services.

INFORMED CONSENT FOR CHIROPRACTIC CARE

A patient, in coming to Back and Body Chiropractic Center, gives the doctor permission and authority to care for the patient in accordance with the chiropractic tests, diagnosis and analysis. The chiropractic adjustments or other clinical procedures are usually beneficial and seldom cause any problems. In rare cases, underlying physical defects, deformities or pathologies may render the patient susceptible to injury. The doctor, of course, will not give any treatment or health care if he is aware that such care may be contra-indicated. Again, it is the responsibility of the patient to make it known, or to learn through health care procedures whatever he is suffering from: latent pathological defects, illnesses or deformities which would otherwise not come to the attention of the Doctor of Chiropractic. The Doctor of Chiropractic provides a specialized, non-duplicating health care service. Your Doctor of Chiropractic is licensed in a special practice and is available to work with other types of providers in your health care regime.

I understand that if I am accepted as a patient by a doctor at Back and Body Chiropractic Center, I am authorizing them to proceed with any treatment that may be necessary. Furthermore, any risk involved, regarding chiropractic treatment, will be explained to me upon my request.
